This is a very deep and powerful event to raise your light frequencies, lift out old karmic frequencies thereby reducing repetitive suffering, to accelerate your karmic transitions and your spiritual advancements. Your soul will feel stimulated to reach for higher light. ABOUT THE DAY

This is a quiet day of inner receptivity and concentration. A day for the soul (not for the mental body) and your spiritual/intuitive understanding.

A day when we have the rare privilege of meeting with the light. A special time for each of you to receive spiritual connections to the Higher Light. This is an experiential day of receiving. Allow yourself to focus on Light and yourself, to relax, quieten and still so that you become more receptive.

It can be deeply moving to receive from the Light and to realize that each one of you is known to the Light and that great care is taken with each of you on your journey.
